Interna Contract renovates the public areas of the Hotel Hyatt Regency Mainz.

The hotel regains all its charm with the accurate restyling done by the FG stijl studio of Amsterdam. Interna was called to supply the loose and fixed furniture of the public areas located on the three floors of the IX century fortress “Fort Malakoff”.

Tavagnacco, 22nd February 2009 – Interna Contract, world leader in the high- end turnkey furnishings for the contract and hospitality sector, recently implemented the supply of all the loose and fixed furnishings of the public areas during the renewal of the historic hotel Hyatt Regency Mainz.

Interna implemented, in record time (less than 3 months), fixed benches custom-made for the existing niches, coffee tables and armchairs for the bar and café area, tables and chairs for the restaurant, stools and cocktail tables for the bar, ornamental room dividers and some backlit case-goods placed under the windows.

The precious furnishing, created in respect of high quality standards, designed by the FG stijl studio from Amsterdam, belong, for the major part, to the collection of furnishings created for Interna in 2008 by the dutch studio.

A collection with a simple though never banal elegance, which hits at times gone by but at the same time embraces the very latest technology in a lively, innovative way. A collection for today’s world, designed for contemporary, refined, international lifestyle.

Press notes:

Interna Contract spa is part of the Interna Group based in Tavagnacco, Udine, operating worldwide in the creation of luxury furniture and furnishings for the high end hospitality and contract industries, through three specialized companies: Interna Contract, Interna Collection, and Logica.

Founded in 1989, specializes in contracting furnishing projects for the niche luxury market, producing exclusive furniture, furnishings and ornamentation on a turnkey basis. Among its clients, important 5star hotel chains, prestigious brands of the luxury sector, cruiser and yacht builders and well renowned investors.
