

NEW MAJOR FURNISHING PROJECT FOR INTERNA GROUP

THE FIVE-STAR RADISSON SAS HOTEL, DAKAR, IN SENEGAL

Interna Group has recently signed a new major international agreement for the furnishing on a turnkey basis of the five-star Radisson SAS Hotel, Dakar, in Senegal.

The project will be executed following the exclusive design by interior designers Antoni Associates (Cape Town, South Africa) and will include all loose and fixed furnishings for the public areas, the over 180 rooms, the so-called "back of the house" - the hotel offices and meeting rooms-, as well as all the hotel equipment: industrial kitchens, laundry, and tablewear.

Interna will also supply selected pieces by Interna Collection and office furniture by Logica.

[The project will have to be completed in just four months because it is going to be one of the seats of the 2008 International Conference on Islam.]
